

Gas Tax Allocations in British Columbia (2005-2014)

Updated: June 8, 2009

General notes regarding future year allocations:

All future amounts are estimates only and subjects to change due to factors such as local government boundary adjustments, new municipal incorporations and Census population changes. All funding is subject to federal budget appropriations and funding agreements between the recipient and the program administrator, the Union of British Columbia Municipalities.

Notes regarding specific recipients:

Queen Charlotte is a new municipality which began receiving funding in 2006/07

Barriere, Clearwater and West Kelowna are new municipalities that began receiving funding in 2007/08

Comox Strathcona Regional District was disincorporated and two new regional districts (Comox Valley and Strathcona) were incorporated; Comox-Strathcona funding ended in 2007/08 and the two new regional districts began receiving funding in 2008/09

Fort Nelson and the Northern Rockies Regional District were disincorporated and formed the new Northern Rockies Regional Municipality; funding for Fort Nelson and Northern Rockies Regional District ceased in 2008/09 and funding for Northern Rockies Regional Municipality began in 2009/10

Okanagan Basin Water Board and the Greater Vancouver Sewerage and Drainage District are non-local government recipients, and Richmond, North Vancouver and Vancouver are Tier 3 communities, and therefore not eligible for Community Works Funds

Greater Vancouver Area: From 2005-2006 through to 2009-2010, Greater Vancouver Regional District and its member municipalities are eligible for Innovations Fund funding only and Richmond, North Vancouver and Vancouver received funding from that source which is indicated separately. All population-based funding for this area during those years was allocated to TransLink.

Notes regarding table layout:

Populations are based on 2006 Census, but are adjusted for boundary changes and new local government incorporations after that date

Values in the first row of columns labled "2005-2006" to "Total 2005-2014 CWF+T3SPF" are Tier 3 pooled funds which have been allocated to TransLink for transit investments; all other values in these columns are for Community Works Funds, which are allocation-based funds delivered to the individual local governments listed

Values in columns labelled "GSPF", "IF" and "RSP" relate to approved projects under the application-based General Strategic Priorities Fund, Innovations Fund and Regionally Significant Projects fund, as applicable.
